

*Forest*

A large, teardrop-shaped water droplet filled with numerous small, white bubbles, set against a dark green background.

**SCHOOL**

A large, detailed illustration of a leaf with prominent veins, rendered in a light green, stippled or halftone style against a dark green background.

*sessions*

A detailed illustration of a bee, shown from a side profile, with its wings spread, rendered in a light green, stippled style against a dark green background.

**ecoACTIVE can run a Forest School in your school ground or local park. We will support groups of pupils either during class or as part of an after school club for six weeks or more. One off taster sessions are also available.**

#### **PUPILS WILL**

- Gain confidence
- Build their self esteem
- Learn about risk benefits
- Enjoy being outdoors while improving their health and well-being
- Improve their social skills through engaging with their peers and take part in active listening circles
- Develop greater empathy for other people and the environment
- Learning about local fauna and flora.
- If pupils do more than 6 sessions: Have a chance to use real tools, light campfires, learn bushcraft skills and learn more about their local environment through soil testing experiments

#### **SESSIONS**

Sessions last for 1.5 hours for up to 15 pupils.

Session themes covered in previous clubs have included pond dipping, making bug hotels, bird feeders, bird boxes, campfire cooking, building dens, using natural materials for crafts plus more!

Sessions are led by an experienced and qualified Forest School Leader, with 2 support workers. The young people will learn new skills, build their confidence and work as a team whilst taking part in outdoor, physical activity and learning about their natural environment.
